## Fireworks Over Court Rulings in Bar Meeting

By RAYMOND J. CROWLEY

ST. LOUIS, Mo. (AP) — Fireworks over the U.S. Supreme Court's antisegregation decisions were a possibility as the American Bar Association opened its 64th annual convention today.

Before the House of Delegates, policy-making body of the association, was a resolution calling in effect upon Southern states to cease their fight to preserve color lines.

Prepared by a seven-man committee on the Bill of Rights, headed by attorney Rush H. Limbaugh of Cape Girardeau, Mo., the report said the constitutional issue has been settled. It said racial differentiation in public treatment offends the Constitution.

State officials who "disregard the constitutional rights of our people," it added, damage the United States at home and abroad.

One member of the Bill of Rights committee took issue with the report. Alfred J. Schweppe, constitutional law specialist from Seattle, Wash., called the Supreme Court decision against school segregation unconstitutional. He accused the court of making a "social revolution" without legal warranty.

St. Louis hotels were strained to the limit as lawyers poured in for the convention. Counting them and their families, an estimated 10,000 were here. The APA has about 100,000 members.

President Kennedy had been invited to attend but sent regrets, along with a message stressing "the importance of the lawyer in maintaining those freedoms which distinguish us from the Communist world."

On the convention agenda today was the election of John C. Satterfield of Yazoo City, Miss., as ABA president. His election was a formality. He has been president-elect for the past year.

## U. S., Russia Agree on Air Route

WASHINGTON (AP)—The State Department today announced "basic" U.S.-Soviet agreement has been reached on setting up an air route between the two countries.

A final agreement for commercial air flights to link New York and Moscow should be signed shortly, the department said.

Talks have been underway here since July 18 on establishing a route which would be the first direct passenger air line service between the two nations.

Travelers going from one country to the other now have to transfer at in-between points.

U.S. officials said a number of technical details still must be worked out before final agreement is reached.

They expect flights on the 5,000-mile New York-Moscow hop to begin next spring.

## 18 Violent Deaths in Arkansas

By THE ASSOCIATED PRESS

Eighteen persons died violently in Arkansas during the week ending at midnight Sunday with traffic claiming nine victims, drowning three and shootings two.

Electrocution, a fall, a fire and a freak accident involving an exploding truck tire accounted for the other deaths.

John L. Lambert, 44, of Hot Springs, was fatally injured Sunday night when he lost control of his car and overturned at U. S. Highway 70 near Hot Springs.

Jewel D. Miller, 32, of Jessieville was killed Saturday when his car went out of control and hit a bridge abutment on state Highway 7, about 16 miles north of Hot Springs.

Walter Weisell, 56, of Little Rock, died Sunday when he fell down a flight of steps from his second-floor apartment.

Clarence Mathis, 61-year-old farmer of near Steele, Mo., died Saturday in a Blytheville hospital of injuries received in an auto accident north of Blytheville earlier Saturday.

## Revival Underway at Sweet Home

A revival started Sunday, Aug. 6, at Sweet Home with the Rev. A. C. Kirby doing the preaching. Zack Stone is song leader. The church is located between Blewins and Prescott on Highway 24. Services are held nightly at 7 o'clock.

## Penalty for Hijacking Advanced

WASHINGTON (AP)—The Senate Aviation Subcommittee today approved unanimously a bill to make airplane hijacking punishable by mandatory life sentence in prison.

The subcommittee was spurred by the hijacking last Thursday of a Continental Airlines jet at El Paso, Tex., by two gunmen who tried to force the pilot to fly them to Cuba.

Sen. A.S. Mike Monroney, D-Okla., the subcommittee chairman, said the group would seek a vote Tuesday by its parent body, the Senate Commerce Committee.

With the Kennedy administration urging prompt action, a House Commerce subcommittee, headed by Rep. John Bell Williams, D-Miss., started hearings on similar legislation.

The Senate bill, sponsored by Sen. Clair Engle, D-Calif., is designed to make hijacking of aircraft the legal equivalent of piracy on the high seas, and provide federal jurisdiction over other crimes in the sky.

One action makes murder, manslaughter, assaults, robbery, rape, and other violent crimes committed on board aircraft in flight offenses under federal law.

Another section provides for a \$10,000 fine or imprisonment for 20 years, or both, for any one who assaults, intimidates, threatens or interferes with crew members while an airplane is in flight.

If a deadly or dangerous weapon is used, the minimum penalty would be 20 years in jail, and a person could be imprisoned for life.

In addition, the bill, as revised by the subcommittee, provides that any passenger who takes a concealed weapon aboard an airplane shall be imprisoned for up to five years or fined up to \$5,000, or both.

## El Dorado GOPs Plan Election

EL DORADO, Ark. (AP)—El Dorado will have its first municipal Republican primary Tuesday. Only candidates are three men who are unopposed for nomination for aldermen in three of the city's four wards: Robert Wright, J. E. Talbot Jr. and James Campbell.

The primary is necessary to comply with a state law passed several years ago that organized political parties may nominate only by primary.

The Democrats will hold a runoff primary to choose between incumbent Roy Gandy and Monroe Thumke as the candidate for mayor.

## Join U. S. in Battling Reds, Latins Urged

By WILLIAM L. RYAN

PUNTA DEL ESTE, Uruguay (AP)—Latin-American leaders today pictured the hemisphere as boiling with revolutionary ferment and appealed to all classes to support the U.S. program designed to secure the area against assault from world communism.

The United States unveils the broad outlines of its alliance for progress program later to the Inter-American conference here.

Speeches, including a key address by U.S. Secretary of the Treasury Douglas Dillon launch a schedule of digging and probing for the most effective methods of putting President Kennedy's program into action.

Underlining the atmosphere of urgency, Felipe Herrera, president of the Inter-American Development Bank, said: "In this age of popular and national revolutions, alliance for progress will be significant to Latin America only if it receives direct support of the great masses of workers and farmers, faith of the middle classes and businessmen and endorsement of intellectuals and technicians."

Dillon will tell delegates to the Inter-American Economic and Social Conference how the United States proposes to help Latin America tackle its age-old problems of poverty and illiteracy and approach the goal of economic stability.

Viewing this program as a common concern of the Western alliance against communism, the United States will invite Europe's developed nations to join in the drive to secure Latin America.

The Kennedy administration is prepared to commit itself to a 10-year crash program to bolster Latin America. It is ready to start the program rolling with a billion-dollar push in the first year.

Some Latin American delegates already were complaining that the billion dollars was not enough and included sums previously approved.

President Eduardo Victor Haedo of Uruguay and other Latin American leaders at the conference also were reported urging that President Kennedy reconsider.

## Soviet Offer to Talk Peace Follows 2nd Man in Space Flight

## Red Spaceman in 17 Trips Around Earth

By PRESTON GROVER

MOSCOW (AP)—Soviet spaceman Gherman Titov landed safely today after more than 17 circuits of the earth in his space ship Vostok II and reported to Premier Khrushchev "I feel splendid."

The premier promised a tremendous welcome to Moscow for the 26-year-old major, who traveled more than 700,000 kilometers (about 435,000 miles), roughly far enough to reach the moon and return. He was in the air 25 hours and 18 minutes.

"We shall congratulate and thank your parents at a personal meeting in Moscow," Khrushchev said in a telephone conversation from the Kremlin to Titov somewhere in the interior. "We shall give you a worthy welcome in Moscow, as a whole people, as a whole country."

As the first of the Soviet honors sure to follow, Khrushchev told Titov he was being promoted to full membership in the Communist Party. The handsome major has been a candidate member.

Titov, son of a retired school teacher in Siberia, manually controlled his five-ton space ship for periods up to an hour, slept more than eight hours, and ate three meals while enduring the space phenomenon of weightlessness.

He circled the globe every 88.6 minutes in an orbit that reached a maximum altitude of 159.59 miles and a minimum of 110.5 miles.

Moscow Radio said Titov landed in a predetermined area near where the first Soviet spaceman, Yuri Gagarin, touched down after his pioneer flight April 12. Gagarin, who made only one orbit of the earth, is believed to have landed about 450 miles southeast of Moscow.

Titov told Khrushchev that "after the landing, I drank a little water, and I feel splendid." Before the telephone call, Khrushchev sent Titov a message of congratulation on his "heroic deed," saying the feat "has shown once again what Soviet man, educated by the Communist Party, is able to do."

"Until we meet soon in Moscow," Khrushchev concluded, indicating the government was planning a triumphal welcome to the capital for Titov like the one that greeted Gagarin after his space flight.

The Soviet Cabinet and the President and Central Committee of Parliament, in a message to the peoples and governments of the world, said: "The time is not far away when the way will be cleared for the peoples of the world to meet."

## Arkla's Own Witnesses Take Stand

LITTLE ROCK (AP)—A witness for Arkansas Louisiana Gas Co. testified today that revenue from the distribution of gas to Arkansas customers is \$1,137,939 less than the company is entitled to under a 6.34 per cent annual rate of return established by the Public Service Commission.

This is true, J. E. Flanders, Jefferson City, Mo., rate consultant, said even with a \$1,220,982 increase resulting from a 20-cent increase in minimum monthly bills.

Flanders testified as the company started its rebuttal against efforts of a group of city attorneys to have the increase, instituted April 1, voided by the PSC. The increase boosted the minimum charge from \$1.10 to \$1.80.

Flanders said the deficiency he was shown by a cost-of-service study he made in 1960.

The 6.34 per cent rate of return was fixed by the commission in 1954, he said.

Flanders said the deficiency covering both industrial and domestic users, was \$2,141,500 before adjustments were made to cover the new minimum bill charge and increases in wages and municipal taxes.

Flanders disputed testimony several weeks ago on behalf of the cities by Harry Wadsworth, an El Dorado accountant, as to Arkla's earnings.

Robert J. Deschle of Dallas, southwestern regional manager for Arkla subsidiary, Arkla Air Conditioning Corp. testified that his company sells its products to the parent concern at the same prices it sells to others.

He said the companies operated independently.

Witnesses for the cities had claimed the gas company lost money in the purchase, promotion and sale of gas appliances by payments to a subsidiary and had charged this loss up to its gas customers.

## University Asks LAC for \$25 Millions

LITTLE ROCK (AP)—The University of Arkansas asked the Legislative Council for \$25,071,000 in construction funds today. This is some \$1 million more than the university was to have received in a defeated \$20 million bond proposal.

University officials also asked \$800,000 in operating funds for the Medical Center. This would replace funds lost when the Arkansas Supreme Court invalidated the \$14.5 million omnibus expenditure law.

Arkansas State Teachers College followed the university before the council with a request for \$4,700,000 in building money. ASTC was down for \$3,798,000 in the bond deal.

Henderson State and Arkansas AMN College were to present their needs this afternoon. Other colleges are scheduled to appear Tuesday.

The council will digest the requests and make recommendations to a special fiscal session of the Legislature.

## Khrushchev Seeks 'Honest' Peace Parley

MOSCOW (AP)—Premier Khrushchev urged the Big Three Western powers today to avoid "war psychosis" on the Berlin crisis, and he added: "Let us sit down honestly at a round conference table."

But he said the Soviet Union may mobilize reserves and move more troops to its Western frontier to meet what he called Western threats.

He commended President Kennedy for his "common sense" and for wishing to avoid armed conflict between the United States and the Soviet Union. But, he added, expressions of common sense are not enough and warned Western statesmen not to "play with the destinies of the peoples of the world."

Khrushchev criticized President Kennedy's recent demands for a \$2.5 billion increase in military expenditure.

Calling West Germany the most belligerent of the Western Allies, the Premier said the Bonn government last year spent approximately the same amount on armaments as Nazi Germany spent during the years 1937-1939.

Speaking to the nation by radio and TV on the Berlin question, the premier declared:

"Let us clear the atmosphere, let us rely on reason and not on the force of thermonuclear weapons."

He accused the United States, Britain and France of "pushing the world to a dangerous brink, and the threat of a military attack by the imperialists on the socialist states is not ruled out."

"We shall watch the developments and act depending on how the situation shapes up," Khrushchev said. "It may be that we shall have to increase in the future the numerical strength of the army on the Western frontier."

"In connection with this, we may have to call up a part of the reservists so that our divisions have a full complement and are ready for any eventuality."

Khrushchev said these measures would be in the nature of a reply to U.S. mobilization. He went on:

"When a situation like this arises, it would be impermissible for us to sit with arms folded. History teaches that when an aggressor sees that he is not rebuffed he becomes brazen, and when, on the contrary, he is rebuffed, he calms down."

"The premier said the Soviet Union is strengthening its military might, but he insisted that 'the Soviet Union does not wish to fight anyone. We do not want anybody's territory or anybody's wealth.'"

"The Soviet government and Communist Party," Khrushchev said, are doing everything in their power to prevent war.

"We are doing and we will do everything in our power to settle outstanding disputes by peaceful means in a calm way."

## Doctor Claims 'Extortion'

CONWAY, Ark. (AP)—Police revealed today that a man with a "strange voice" tried to extort \$500 from Dr. Sam Daniel, a Conway physician, Friday.

Daniel told officers that a man demanded to know how much money he had in the bank and then told him to bring \$500 to a drug store telephone booth "if you ever want to see your wife alive again."

Daniel called police, who watched the Daniel home through the day. No one attempted to harm Mrs. Daniel.

er his decision not to attend the conference because of the press of world affairs. These Latin Americans felt that an appearance by Kennedy would give Alliance for Progress a dramatic push and would offset to some ex-

tent the psychological impact on Latin America of the New Soviet space flight and Soviet Premier Khrushchev's speech to the Soviet people tonight.

White House sources indicated, however, that the President would not change his decision to remain in the United States.

U.S. participation in the conference, American sources said, is no propaganda show, although there obviously is hope that it will have a strong psychological impact on the building up of Latin America's economic strength.

The conference of 20 American states is pictured as a business-like, sober approach to Latin America's perilous problems. With the opening ceremonies out of the way, the delegates turn today to the difficult job of hammering out details of a broad agreement on the common effort.

The only indication of an attempt at turning the conference into a circus platform comes from the delegate of Fidel Castro's pro-Communist Cuban regime, Ernesto Guevara.

Guevara, Cuba's minister of industries and economic boss, has said he intends to make a marathon speech in the style of Castro himself. Delegates generally consider that his aim is to sow confusion and try to disrupt the conference.

Annually, rural fires kill 3,500 persons.

be paved to the moon, Mars and Venus, and new perspectives will open to mankind in the mastery of the cosmos.

Circling the globe every 88.6 minutes, Titov swung in an orbit that reached a maximum altitude of 159.59 miles and a minimum of 110.5 miles.

Gagarin's route was longer with a minimum height of 110 miles and a maximum of 188 miles.

Over and again Titov kept sending word back to earth that he was in great shape—"Am feeling fine. I feel excellent under conditions of weightlessness. Shipshape order on board."

The historic flight proved that a man can undergo the rigors of a flight to the moon without excessive ill effect.

The Soviets said the purpose of the flight was to study the effects on a human being of prolonged orbital flight and the descent to the earth's surface.

(Many Western observers surmised that the flight had been timed to reinforce Khrushchev's drive to end the Western Allies' occupation of West Berlin and particularly the threats to Berlin Khrushchev is expected to make in a major broadcast tonight.)

Like Gagarin's flight, Titov's was greeted in both the Western and Communist world with praise for the Soviet scientific achievement. Sir Bernard Lovell, director of Britain's giant radio telescope at Jodrell Bank, termed it "another important step in the Russian plan to populate the solar system beginning with the invasion of the moon in a few years' time."

Several West European newspapers said the flight was more evidence of the Soviet lead over the United States in the space race. But the news of Titov's flight was accepted calmly in Washington. Space officials and others showed no surprise.

## Lists Three Ways to Redistrict

LITTLE ROCK (AP) — Atty. Gen. J. Frank Holt said Saturday, three things can happen to Act 5, the controversial congressional redistricting law which has been referred to a vote of the people.

It can be passed into law or rejected by the people at the Nov. 6, 1962 general election...

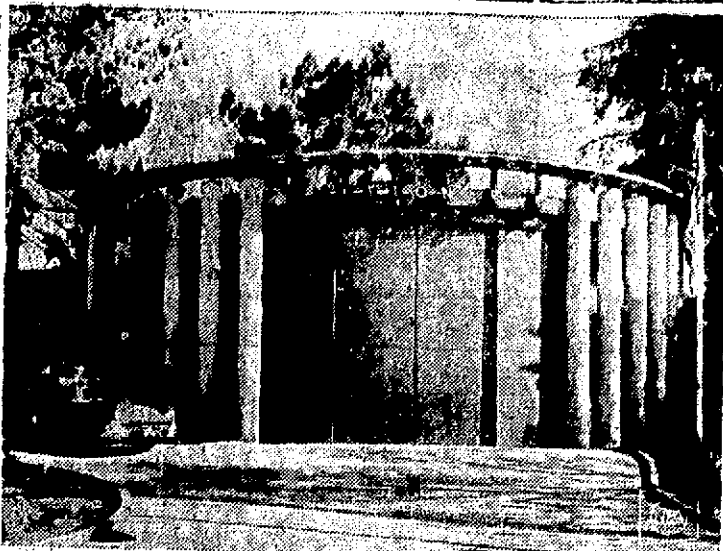

It can be passed or rejected at a special election called by petition...

Or there could be a new legislative act which repaired the grievances which led to referral of Act 5.

This was the substance of opinions handed to three legislators, Sen. Robert Hays Williams of Russellville, Rep. Hardy Croxton of Benton County, and Rep. Raymond L. Mays of Cleveland County.

Holt said a special legislative session can take up congressional redistricting despite the fact that Act 5 has been referred to a vote of the people. But he said the legislature must pass a new act "in good faith and to avoid and correct objections to the original act."

He said Act 5 could not be re-enacted, with or without an emergency clause, but that a new re-

districting act could carry an emergency clause to put it into effect immediately.

This would mean that candidates for Congress would not have to run at large in the 1962 general election, but could run in the congressional districts provided by new law.

As things stand, they will have to run at large, because Act 5 was suspended by the petition referral.

Holt also said an at-large race could be avoided by a special election on Act 5.

Act 5 drew criticism from legislators from Arkansas, Lincoln and

Jefferson counties because it placed them in a new northeast Arkansas district rather than in the southern district to which they said they should belong.

It was the legislators who got up the petitions to refer the act. They also are talking of drawing up their own redistricting law and getting it on the 1962 general election ballot as an initiated act. Holt said there could be no special election on an initiated act.

If both the initiated act and referred act were voted on in the same general election, the one which got the most affirmative votes would become law.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name *Protoproline H.O.* At all drug counters.

## Says Berlin Workers Are Quitting Jobs

By CARL HARTMAN

BERLIN (AP)—East German Communists claimed today large numbers of commuters are giving up their jobs in West Berlin and looking for work under Red rule.

The Communists have been putting commuters under heavy pressure. People who live in Communist areas and work in West Berlin now have to pay rent and many other bills in Western currency, instead of Communist-issued money worth only one-fifth as much. Junge Welt, the Communist youth daily, said that since early Saturday calls have been piling up at East Berlin factories from commuters who want new jobs. It reported that East Berlin's biggest department store, run by the state, is taking on salesgirls who used to work in West Berlin. Poor service in shops, due

The wedding of Miss Patricia Ann Walker daughter of Rev. and Mrs. Charles Walker of Conway, and Jimmy Darwin Chastain, son of Mr. and Mrs. C. B. Chastain of Lewisville, was solemnized Friday evening, July 14, in Unity Baptist Church of Hope.

Rev. Kenneth Tatum, brother-in-law of the groom, and Rev. Charles Walker performed the double-ring ceremony. Rev. Mr. Tatum officiated until the bride was given by her father who then read the vows. Miss Brenda Sue Parrish of Hope, pianist, accompanied Larry Silvey of Texarkana who sang "Always" and "The Lord's Prayer." Chimes played by Miss Betty Ratliff of Hope accompanied the piano during the bridal march.

Miss Barbara Caston of Hope was maid of honor and bridesmaid were Miss Lolly Prather of Hope and Mrs. Jerry Kidd of Conway. They wore dresses of orchid drape with ruffled necklines and accented with bows draped across the shoulders and belted at the waist. They wore matching shoes and not whimsies encircled with tiny satin bows and carried cascades of white carnations.

Candlelighters were Miss Kim Chastain of Dallas and Rolanda Tatum of Ada, Okla., nieces of the bridegroom. Serving as flower girl was Miss Rhonda of Hope. They wore dresses similar to those of the bridesmaids and wristlets of white carnations.

Joe Parrish of Hope served as best man and Bill McGee of Lewisville and Jerry Don Fornby of Hope were groomsmen. Serving as ushers were Jimmy Walker, brother of the bride, and Ronnie Smith, cousin of the bride. The ringbearer was Dana Walker of Benton; cousin of the bride.

The church was decorated with baskets of white gladioli and two seven-branched candelabra entwined with greenery. Candles lining the windows along the side of the sanctuary furnished the lighting for the ceremony.

The bride wore a floor-length gown of silk organza over tulle. The fitted Chantilly lace bodice featured a scalloped Sabrina neckline embroidered with sequins and seed pearls. Long sleeves tapered to petal point over her hands. The bouffant skirt was enhanced with applied lace motifs accented with sequins and seed pearls. Her elbow veil was attached to a pearl and sequin tiara. She carried a bride's Bible topped with baby orchids centered with a white, purple-throated orchid.

For her daughter's wedding Mrs. Walker wore a sheath of satin brocade with green and her accessories were green. Mrs. Chastain wore a sheer brown dress fashioned with a white collar and her accessories were white. Placed to the mother's shoulders were identical corsages of white gladioli.

Mr. and Mrs. Herman Smith, uncle and aunt of the bride, entertained with a reception at their home after the ceremony. The table was decorated with orchid overlaid with net. White satin bows and a spray of daisies were attached to each corner of the table, on which was placed the orchid and white wedding cake, the punch bowl, and a centerpiece of white Shasta daisies. In the living room were baskets of white gladioli and arrangements of zinnias.

Mrs. Kenneth Tatum of Ada, Okla., and Mrs. Cecil Smith of Little Rock, sisters of the bridegroom. Orchid tulle and ribbon bags of rice were passed to the guests. Miss Jo Ann Kidd of Hope presided at the guest book.

For travel the bride changed to a sheath of white cotton sateen brocade with pink and her accessories were white. She pinned the orchid from her bouquet at her shoulder. After a short trip the couple is at home in Abilene, Texas, where the bridegroom is employed by the West Texas Lawn Sprinkler Co.

## Prisoners Escape Jail at Osceola

OSCEOLA, Ark. (AP)—Six prisoners tore toilets off the walls of the Mississippi County Jail Friday night and escaped through the openings. But five of them were caught Saturday after a comedy of errors worthy of a class-B movie.

Two of the men stole a boat and started across the Mississippi River. They landed on an island, thinking it was Tennessee, then discovered they still had much water to cross.

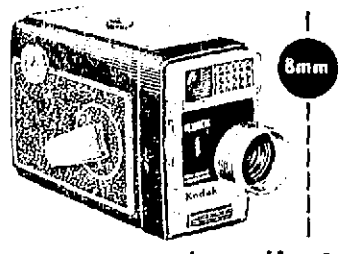

They grabbed a passing log after having abandoned the boat and floated seven miles before a steamboat knocked them off the log in front of the Fort Pillow, Tenn., state prison farm. Guards in a boat caught them.

The other four escapees headed north to Missouri in a stolen car. At Catron, Mo., a housewife heard noises outside her house and her husband and son jumped two of the jailbreakers and arrested them. They were held in New Madrid, Mo.

That left two. James William Watson, 22, of Baldwin, Miss., crashed the stolen car into a parked auto in St. Louis and the police grabbed him. The remaining fugitive, Abner Davis, Negro, of Osceola, fled.

## Minister in Coal Fields Succumbs

SPRINGHILL, N.S. (AP)—Mayor Ralph Gilroy, 51, who fought tirelessly to keep this coal town solvent after two mining calamities, died in a hospital early today. He died of a hemorrhage brought on by ulcers.

Gilroy saw his town through two mine tragedies—in 1956 and 1958—which claimed 114 lives in the Cumberland Coal Co. pits. Later the town was swept by a fire which caused damage estimated at \$1.5 million.

The Cumberland pits never reopened, but the mayor kept fighting for new industries and never lost confidence the town would recover from the blows.

His widow and two daughters survive.

WASHINGTON (P)—Vostok II was the 13th earth satellite successfully launched by the Soviet union and was her second manned spaceship.

The United States has sent up 45 unmanned satellites. Twenty-eight of them are still orbiting the earth.

Two of the Soviet earth satellites are still aloft. So are two Soviet satellites sent into orbit around the sun.

## Faubus Receives Suggestions

LITTLE ROCK (AP)—Gov. Orval E. Faubus has received a dozen suggestions from Legislators and various groups on how the state can come up with more construction money. The governor said the suggestions range from tax increases to borrowing by the state. Faubus said he listened to all suggestions, and will turn them over to the Legislative Council.

when the wreck occurred.

The log-riders caught at Fort Pillow and held at Ripley, Tenn., were Iden Jones of Little Rock and Homer Anderson of Indiana. Summy Miller of Dyess, Ark., and Clarence Sullivan of Blytheville, Ark., were caught at Catron.

Miller, Jones, Watson and Anderson are Negroes. Jones, Anderson and Sullivan were held on misdemeanor charges. Miller was charged with burglary and grand larceny. Davis and Watson with forgery.

## DOROTHY DIX

Beau By-passes Her in Italian

By HELEN WORDEN ERSKINE

Dear Helen: My Italian beau insists upon talking Italian to his friends whenever we go out. Not speaking the language, I feel like nothing and after a dose of this snubbing, start to cry. My boy friend is always remorseful. He travels by train four times a week to see me, won't let me wear a shadow and acts generally protective but still, despite my tears, he continues to exclude me from the conversation by jabbering away in Italian. What can I do? — C.

Dear C.: The slight isn't intentional. Other countries, other customs. Your boy friend must have been schooled in European ways, one of which is to automatically exclude women from men-talk. Since you live in America, where this is not the custom, learn Italian. That will flatter your boy friend and open up a new world for you.

Dear Helen: I was a widower with four children when I married a widow with three kids. We all got along fine until my wife found out about a fast woman I ran around with before our marriage. To make matters worse, I lied about this woman. My wife is deeply hurt and insists she will never trust me again. How can I convince her that she can't? — Worried Husband

Dear Worried: People lie from fear. Your probably lied because you loved the widow and feared she might turn you down if she learned about the company you kept. Also, you feared knowledge of the other woman would hurt her—not realizing that a lie hurts more than the truth. Explain this to your wife, ask forgiveness and beg her to let bygones be bygones. Prove by your devoted love that she is the one and only woman for you.

Dear Helen: I'm being embarrassed before my girl friends by a boy who's almost a bum, keeps bad company and belongs to a family that's always in trouble with the law—one member now being in jail.

This boy shoots "Hi" to me from across the street, insists upon walking me home and acts like we had always known one another when ours is just a grade-school acquaintance. After my friends see me talking to him they look strange and say, "You know him?"

They and my family are average good people who would be ashamed if this gets around. How can I tell the boy, without hurting his feelings, to leave me alone? I don't want to be rude because,

except for his surroundings, he's a nice kid and never acts anything but respectful towards me. — Worried Girl

Dear Worried Girl: Next time the boy calls "Hi," give him a friendly nod and keep going. If he joins you, dismiss him with a polite but firm explanation that you have an errand to do, then walk on to turn into the nearest store. He'll soon get the idea that you do not approve of the road he travels.

Be careful to avoid a holier-than-thou attitude. If motives are sincere, it is simple to be firm without being rude. Learn to say "Goodbye" lightly, but with finality. This can be a useful lesson.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Today's special, "Are You Sensitive?"

A Short Short Story

© 1961 by NEA, Inc.

The officers emerged with the old man fighting every step of the way.

### HOME COMING

By RALPH DYLONG

With glowing pride the Mayor watched the first step being taken in a project which would make his administration memorable in the history of the city.

A wrecking crew was demolishing the first of a long line of shanties along the river front. These dwellings, which had been eyesores for more than a generation, would be replaced by modern buildings.

It had taken a lot of work and persuasion to get the clearance project through. Residents of these places and small shoe-string businesses that occupied some of the stores in the area had refused to move for sentimental or other reasons. No matter how shabby, home was home to the occupants. They objected to being transplanted, living in strange neighborhoods away from familiar things.

But at long last all of the buildings were condemned. Everyone had moved out. Except one. This was Old Hibley, a 75-year-old recluse, who occupied the house next door to the first building to be demolished. Police would have to take Hibley away. He would fight and scream. Somehow the Mayor and his committee couldn't put it across to old Hibley that he'd be furnished a nicer, cleaner place to live in than the ancient ramshackle cottage which he'd occupied for 30 or more years.

A sergeant came up to the mayor. "He won't go," he said. "We'll have to carry him off bodily."

The Mayor nodded his head slowly. He hated it, but progress could not be stopped and after all, it wasn't really going to hurt the old man to get clean, new surroundings.

"Get him out," said the Mayor. "The wrecking crew is ready to start tearing his place down."

"A sad case," said one of the committee. "Some folks are like that. They just can't stand anything new."

"How long has Hibley been around here?"

"Between 30 and 35 years, I understand," said the committee man. "I investigated the case myself. Hibley bought the house right after he was married and lived there till his wife ran off with another man."

"I should have thought he'd have

left then."

"Nearly broke the old man's heart," said the committeeman. "But he stuck it out. Kept living there, he said, hoping she'd come back to him. But she didn't. She's dead now, I suppose."

"At any rate, I don't think she'll be back," said the Mayor.

The officers emerged from the house carrying the old man, who was fighting every step of the way. Finally, when Hibley was exhausted, he was put in a police car to be driven off to a center where he'd be cared for until he made an adjustment.

The wreckers moved in. It was surprising how quickly the cottage was demolished. The Mayor watched the workmen and was preparing to leave, when the committeeman came running up to him.

"We've found out why Hibley didn't want to move," he said. "The mayor was taken into the wreckage, down a ladder to what had been a basement. The area under the cellar steps had been sealed off and the crew had broken it open. Two human skeletons were exposed."

"Mrs. Hibley and her boy friend," said a police officer standing by. "They've been dead for nearly 30 years. Bullet hole in each skull."

"So she came back," said the mayor.

## UAW Asking a Strike Against GM

DETROIT (AP) - The United Auto Workers Union's 24-man Executive board will be asked next Sunday to authorize a strike vote against General Motors Corp. to support demands in a new contract to replace the current three-year one expiring Aug. 31.

Leaders of GM locals in Detroit, Flint and Oaginnaw, Mich., voted Sunday to ask the executive board to take a strike vote among GM's 300,000 UAW-represented production workers.

A union spokesman said the votes were unanimous in all three Michigan cities. There was no immediate report from 17 other ci-

## Escapees Caught at Bentonville

BENTONVILLE, Ark. (AP) - Five teen-agers, four of whom had escaped from a Missouri boys home, were jailed here Sunday after a two-state police chase. Three were wounded by police bullets.

Another was injured when he ran into a barbed wire fence while running from police on the outskirts of Rogers early Sunday. They were treated for slight injuries at a hospital and jailed. Their names were not released, since all are juveniles.

The fifth member of the group joined the others somewhere between the McCune detention home in Jackson County, Mo., and Rogers, where they were captured.

The Benton County Sheriff's office said the four stole a car in Jackson County and drove to Butler, Mo., where they stole another car and three guns. They robbed a service station on U.S. Highway 71 at the Arkansas-Missouri line, police said.

Bentonville police spotted them, then lost them in a chase. Rogers police and Oklahoma State Police spotted them and sheriffs' departments from Washington and Benton counties joined the chase.

Five patrol cars trapped the youths and one surrendered immediately.

## Sees Moon Next Target for Russia

By NORMAN J. BADERLY

LONDON (AP)—Some Western scientific sources today saw the Soviet Union's next target as the moon as the world applauded Maj. Gherman Titov's epic space flight.

Kenneth Gatland, vice president of the British Interplanetary Society, said he expected the Russians to land a man on the moon between 1966 and 1967. He added that they may put a dog in a space ship and send it on a reconnaissance flight to the moon.

"What is so interesting about this latest Russian success is that Vostok II (Titov's space ship) had enough food and food provisions in it for a round-the-moon reconnaissance flight which would last for about five to eight days," Gatland said.

Titov was in orbit a little more than a day.

Congratulations were issued by various governments, including those of Italy, Sweden and the Netherlands in Western Europe.

In Paris, U.S. Secretary of State Dean Rusk said: "I am glad to know that he (Titov) came back alive. This is a fine ending."

Foreign Secretary Lord Home of Britain, also in Paris for the Western foreign ministers' meeting, remarked: "It is a great realization. I am glad I was not up in the vehicle with Titov."

Mixed with the cheers were some voiced fears that the Soviet Union might use the rocket as a military or political weapon.

Hugh McLeave, one of Britain's top scientific writers, said in the Daily Mail that the Russians' "second man-in-space coup has proved that they have already beaten the Americans in the race to the moon."

Rome's independent Il Messaggero said "beyond all nationalist considerations, humanity today salutes the intrepid astronaut as one of its representatives and congratulates itself because Titov's exploit does not belong to Soviet scientists alone but to all peoples of the world who are seeing realized a grand dream."

Red China and the rest of the Communist world went into ecstacy over the Soviet achievement.

Factory sirens sounded in Communist East Berlin when the Soviet space ship passed over that city.

## Mickey Mantle Gets 3 Homers, Total of 43

By JOE REICHLER  
Associated Press Sports Writer

The New York Yankees, aided by Mickey Mantle's three home runs, swept a doubleheader from Minnesota Sunday to increase their American League lead over Detroit to 2½ games.

Mantle hit his 41st and 42nd homers of the season in the first game, won by the Yankees 7-6 in 15 innings. Mickey slammed his 43rd in the nightcap, then scored the winning run after a base on balls in the Yankees' second-game 3-2 triumph.

Detroit split with Cleveland, winning the first game 2-1 and losing the second 9-5. Chicago's White Sox won two from Washington, 5-4 and 3-2. Boston beat Kansas City 4-2 in the first game, but the Athletics won the second 1-0 for a split. Baltimore led Los Angeles 3-1 in the third inning when rain forced postponement of the game.

Los Angeles' Dodgers wrested first place from Cincinnati by one percentage point, defeating the Chicago Cubs 11-4 while the Reds were splitting a doubleheader with Pittsburgh. Cincinnati won the second game 3-2 in 10 innings after the Pirates had won the opener 9-4. St. Louis beat Philadelphia twice 3-7 and 3-2 and San Francisco nipped Milwaukee 4-3.

The Yankees socked four home runs but it took an infield out to drive in the final run in the opener and a single in the ninth to win the second game. Bobby Richardson scored the winning run in the 15th inning of the first game. Bobby singled off Ray Moore, moved to second on a bunt single by Clete Boyer, to third on Roger Maris' long fly and scored when Yogi Berra hit into a force play at second base.

The Twins had gone ahead 6-3 on Bill Tuttle's 10th inning homer off Whitey Ford but the Yankees tied the score in their half when John Blanchard homered off Bill Pleis. Ford went out for a pinch hitter in the 10th, failing for the second time in his bid for 20 victories.

Boyer singled home Mantle with the winning run in the ninth of the finale. Mickey had drawn a pass from starter and loser Al Schroll, moved to second on Ellie Howard's single, and to third on a force play. Roland Sheldon went all the way for his eighth victory.

## Methvin, Lewis Win Golf Meet

BLYTHERVILLE, Ark. (AP) — Sonny Methvin and Charles Lewis III of Little Rock won the King Cotton four-ball amateur golf tournament Sunday with a 17-under-par 189, compared six strokes better than a team of Missourians.

Tom Heaver of Popular Bluff and Ken Lanning of Rolla were second with 205s. J. D. Byrne and Roy Williams of Charleston, Mo., were third with a 208.

## Fullmer Wins Over Cuban, Keeps Crown

WEST JORDAN, Utah (AP) — Gene Fullmer, his fractured elbow in an arm-length start, eluded an enforced layoff of at least a month today, time to reflect on the growing dangers to the crown on his head.

Fullmer kept his NBA middleweight title with a 15-round split decision Saturday night over Cuba's Florentino Fernandez, then spent a sleepless night with a piercing pain in his arm.

His doctor was summoned at 7 a.m. Sunday morning and an X-ray showed a fracture of the right elbow, an injury suffered in the 14th round when Fernandez was wincing to knock him out.

"My whole arm went numb in that round," Fullmer said. "But I thought I'd just hit the crazy bone or hurt my hand. Then the elbow got so sore during the night I couldn't touch it."

The plaster cast joins an ugly eye and swollen knuckles as mementos of the champion's sixth defense of his National Boxing Association title.

It was a rugged struggle in the hectic 14th it seemed Fullmer might not make it. He came through on the strength of points piled up in the early going.

Ten of 12 reporters polled at the ringside had Fullmer the winner, but there were many among the fans who thought otherwise.

Either way it appeared clear that Fullmer at 30 has reached a critical point in his career. Against Fernandez, even before the fracture that ruined his defense, he got hit more often than usual, didn't get the mileage from his biding rights, and finished in trouble.

## Travelers Win With Aid of Walks

By THE ASSOCIATED PRESS

The magic spell Chattanooga holds over Mobile is one very good reason why the Lookouts are leading the Southern Association by 2½ games today.

The pace-setting Lookouts completed a four-game sweep over the hapless Bears in Chattanooga Sunday, winning the final game of the series 12-3.

Birmingham, in second place, managed to keep pace with a 7-5 conquest of Little Rock. Macon and Shreveport split a doubleheader with the Peaches winning the first game 7-5 and the home-standing Sports claiming the nightcap 4-2. Wet grounds forced postponement of the Atlanta-Nashville game.

In the 22 contests Chattanooga and Mobile have played this season, the Lookouts have won 17. They won the Sunday contest handily, walloping 11 hits off Mobile pitchers Gene Lary and Dick McCarthy.

Birmingham collected only four hits off Little Rock left-hander Larry Gillick, but he surrendered 11 bases on balls. The deciding hit was Bob Micelotta's two-run homer in the seventh.

His were a dime a dozen in the first Shreveport-Macon contest. The Sports came out on the long end of the hits with 12, but wound up on the short end of the score.

Righthander Dan Pfister held the Peaches to two hits in the second contest when Shreveport scored all of its runs on homers—two-run affairs by Manager Les Peden and Bill Kern.

## High School Stars Start Training

LITTLE ROCK (AP) — The biggest week in Arkansas high school sports is underway after some nutty first-day antics and searing heat which hampers preparation for Saturday's All-Star football and basketball games.

Saturday, 21 members of the West teams (weighing a total of 4,000 pounds) crammed into a 2,000-pound capacity elevator at the University of Arkansas Medical Center dormitory and got stuck between floors.

After an hour and 10 minutes, a repairman got them out. They just overloaded the elevator, he said.

Meanwhile, a west football player was reporting to the University of Arkansas infirmary in Fayetteville instead of the Medical Center in Little Rock. His wires were uncrossed and he was sent to Little Rock by plane. His name was not released.

Today the All-Stars really get down to work. Quarterback is a big problem for both football teams—the West has too many (7) and the East has too few (2).

The West is solving its problem by moving some to other positions. Garland Ridenour of Fort Smith went to fullback and Al Smith of Subiaco went to halfback.

Gene Hall of Little Rock Central, the East coach, gets a third quarterback today—Billy Gray of Helena, who has been playing in the state Legion baseball tournament.

The five West quarterbacks are Butch Travis of England, Ronnie Hern of Atkins, Harold Rhoden of Rogers and Donnie Lindsey of Camden.

Dan Gibbs of Warren and Claude Fulton of Central fill out the East quarterback roster.

West Coach Carl Sorrells said tackles Gerald Martindale of Texarkana and Tonnie Kilgore of Fort Smith St. Anne's are doing excellent work in the line so far.

Both weigh 210.

The West's biggest basket problem will be coping with Jerry Rook and Tom Davis of the East team. Pitt McGee of Fort Smith and Will Roy Lewis of Mulberry may be assigned to guard them.

The East has a height advantage.

Harry Taylor went the route for Oseola, giving up only four hits, on which Rector scored all its runs in the first inning.

## Dodgers Inch Into Lead in National

By JOE REICHLER

Associated Press Sports Writer

Los Angeles may beat out Cincinnati for the National League pennant as a majority of the experts have been so freely predicting, but the Reds are showing no signs of folding.

The Dodgers inched to the top Sunday by one percentage point, defeating the Chicago Cubs 11-4, but the Reds managed to cling to a half-game lead, earning a split with Pittsburgh. After losing the first game 9-1 and trailing late in the second game, the Reds fought back to win 3-2 on Vada Pinson's 10th inning home run.

A week ago, the Reds dropped into second place, a full game behind the Dodgers, whom they once led by six games. It was thought then that the Reds had had it. Instead of continuing their tailspin, Cincinnati won six of the next eight.

In other National League games, St. Louis swept a doubleheader from Philadelphia 3-1 and 3-2 while San Francisco edged out Milwaukee 4-3.

New York's Yankees opened up a 2½-game lead in the American League, beating Minnesota twice 7-6 in 15 innings and 3-2. Detroit's second-place Tigers split a twin bill with Cleveland, winning the first game 2-1 and losing the second 9-5. Chicago's White Sox took two from Washington 5-4 and 3-2. Boston split with Kansas City.

The Red Sox won the opener 4-2 and the A's captured the second 2-1. Baltimore led 3-1 in the third when rain caused the game to be postponed.

Pittsburgh pounded Cincinnati's Joey Jay and Jim Maloney for 10 hits in the opener, including home runs by Roberto Clemente and Hoak and bases-loaded singles by Dick Groat and Bill Virdon. The Pirates led 2-1 in the eighth of the second game when Pinson singled, stole second and scored on Gordy Coleman's single. Pinson's game-winning homer in the 10th came off reliever Elroy Face.

## Walnut Ridge Captures Junior Crown

HELENA, Ark. (AP) — Walnut Ridge rolled through the state American Legion baseball tournament unbeaten and took an 8-3 victory from Helena in the final game Sunday to sew up the championship.

Helena committed eight costly errors and Helena pitcher Billy Gray threw two wild pitches, each of which allowed a run to score. Helena beat North Little Rock 10-9 earlier in the day to climax a comeback after an early defeat in the double elimination tournament.

Gray pitched the first eight innings of the North Little Rock game and was the winner. He hurled the first 6 1-3 innings of the Walnut Ridge game and was the loser.

Charles Hayes went the route for Walnut Ridge, allowing seven hits and striking out 11. Hayes drove in a run with a single in

the fourth inning.

It was in the fourth that Walnut Ridge went ahead to stay. Helena took a 3-0 lead in the first and Walnut Ridge got one back in the last of the first on five errors and another in the third on three errors. In the fourth, the two wild pitches brought in two runs, and Hayes and Charles Bowlin slugged run-scoring singles.

Helena edged North Little Rock 10-9 in the last losers' bracket game by scoring two runs in the last inning on singles by Richard Sands, Ken Hatfield and Laddie Crouch and a double by Bill Gray.

Try to Blast Church

MANILA (AP) — Nine men have been accused of trying to blow up a Protestant chapel in Samar Island, in the central Philippines, while services were going on. They are charged with attempted murder.

Homes of members of the church also were stoned repeatedly, the police said.

The Philippines is largely Roman Catholic.

## Muffler Tells Tale to His Victims

FRANKLIN SQUARE, N.Y. (AP) — Bill Hunting's car has a noisy muffler, and when he comes to call just about everybody knows it.

That's a handy thing for a handyman—which Bill is. But it's mighty embarrassing for a burglar—which police say Bill also is.

One of four victims whose homes were burglarized Sunday listened to the burglar's car pulling away, picked up the phone and told police: "Bill the handyman was here and robbed us."

Police picked up Bill and charged him with burglary.
